SUPPLEMENTAL DECLARATION

We, the inventors in the above-identified application, hereby declare that the subject matter of the claims standing allowed in the application was part of our invention, was invented before we filed our original application for said invention; that we do not know and do not believe that the same was ever known or used in the United States before our invention thereof, or patented or described in any printed publication or inventor's certificate in any country before our invention thereof, or more than one year prior to our application, or in public use or on sale in the United States more than one year before the date of our application; that said invention has not been patented in any foreign country or made the subject of an inventor's certificate before the date of our application on an application filed by us or our legal representatives or assigns more than twelve months prior to our application in the United States, and has not been abandoned.

We hereby state that we have reviewed and understand the contents of the above-identified specification, including the claims as amended and allowed. We also acknowledge the duty to disclose information which is material to the examination of this application in accordance with 37 C.F.R. §1.56(a).

We further declare that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
